

DID YOU KNOW?

In Louisiana, **colorectal cancer is the 4th leading cause of cancer death.**

Screening can help prevent colorectal cancer or catch it early when it is easiest to treat.

You should talk to your doctor about getting screened for colorectal cancer if:

You are 45 years of age or older

⋮
or

You have a family history of colorectal cancer

Don't wait! If you meet either of these guidelines talk to your provider about screening options.
